

Shahd Sherif

Address: EL-Malek street, Alexandria, El-Montaza

Email: ashahadsharif@gmail.com

Phone: +20 1014024553

Objective:

Motivated and technically proficient Computer Science student seeking an internship position as a web frontend developer to apply and expand knowledge in web development, gain hands-on experience, and contribute to innovative projects.

Education:

Bachelor of Science in Computer Science

Alexandria University, Egypt

(Expected Graduation: July 2025)

Relevant Coursework:

- User Interface Design
- Data Structures and Algorithms
- Object-Oriented Programming
- Mobile Development
- Database Management Systems
- Software Engineering Principles

Skills:

- **Programming Languages:** Java, Python
- **Web Technologies:** HTML, CSS, JavaScript
- **Frameworks:** Angular, React, Flutter
- **Version Control:** Git, GitHub
- **Design Tools:** Figma

Additional Skills:

- **Responsive Design:** Creating web pages that work well on a variety of devices.
- **Cross-Browser Compatibility:** Ensuring web applications work across different browsers.
- **Performance Optimization:** Techniques for improving the speed and efficiency of web applications.
- **RESTful APIs:** Consuming and integrating APIs into web applications.
- **Debugging and Testing:** Proficient in using tools and techniques to debug and test web applications.
- **Agile Methodologies:** Familiarity with Scrum and Kanban for project management.
- **Problem Solving:** Strong analytical and troubleshooting skills.

- **Team Collaboration:** Effective communication and teamwork abilities.
- **Active Listening:** Paying close attention to user needs and feedback.

Projects:

1. Online Recycling Web Application

- Developed a web application using JavaScript for the frontend and PHP for the backend.
- Implemented user authentication, product browsing, and checkout functionalities.

2. Food Recipes Mobile Application

- Created a mobile application using Flutter for the user interface.
- Implemented user authentication, product browsing, and checkout functionalities.
- Utilized Firebase for storing user data.

3. To-Do List Web Application

- Built a to-do list application using Angular.
- Applied a dark theme inspired by Berserk with a high-resolution Guts image as a background.
- Added a Berserk-themed footer to the application.
- .

Experience:

Frontend Developer Intern

ITI (Information Technology Institute)

August 2023 - September 2023

- Collaborated with the development team to create responsive and user-friendly web interfaces.
- Participated in code reviews and contributed to project planning and design discussions.
- Assisted in the development of new features and maintained existing codebases.

Languages:

- Arabic (Native)
- English (Fluent) – C1 level
- Spanish – C1 level

Interests:

- Web Development
- User Interface Design
- Open Source Contribution
- Volleyball

- Fation
